Subject: Re: Draft Phase 2 Ground Water Report - San Mateo Creek Basin

Good afternoon Mark,

I am requesting a few more days to finish my review. I think the report is a really good summary of the work to date, and I do have some significant comments.

I was hoping you could help share with me with a couple of references you cited. They are:

1. NMED. (2015). Site Reassessment Report, Lower San Mateo Creek Basin Site, Cibola and McKinley Counties, New Mexico CERCLIS ID NMN000606847. Santa Fe: New Mexico Environment Department, GWQB-SOS

And 2. there is a reference to Meyers 2015 in section 4.4, but is not included in the references.

Thanks and sorry for the delay.

Kind Regards,
Andrew

Hi Andrew,

I will be sending you a copy of the draft Phase 2 report this Friday. Can I get your mailing address. I am not sure I have it.
